Time is money

YouDeh is an app that allows people to connect. Somewhere out there in the world, someone is trying to reach out to you, and they will pay for your time. This app will allow people to reach you without compromising your privacy, and they will pay you for your time.

SPLASH

# Introduction

YouDeh is a social media mobile app that connects people who otherwise would be almost impossible to connect through other means, while keeping their private contact details private. and paying them for their time.

Well, you get paid for connecting.

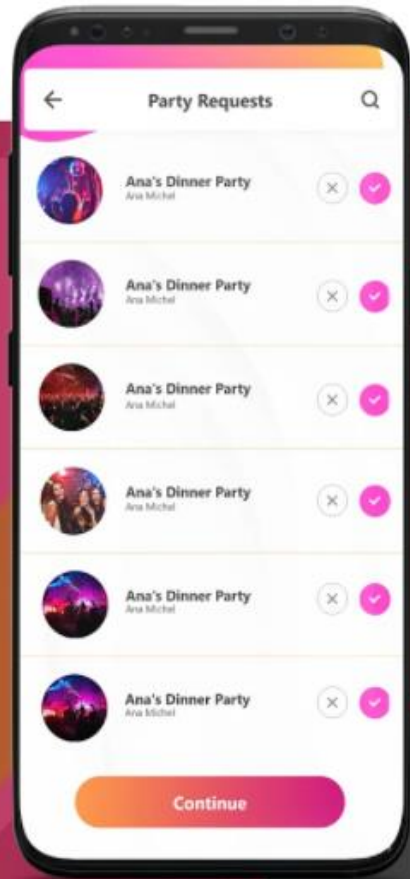

# HOME

## Tell me more..

On the app, users (*also known as Requestors and Requestees*), create private video call requests of different types known as Events and Meetings.

## Party Requests

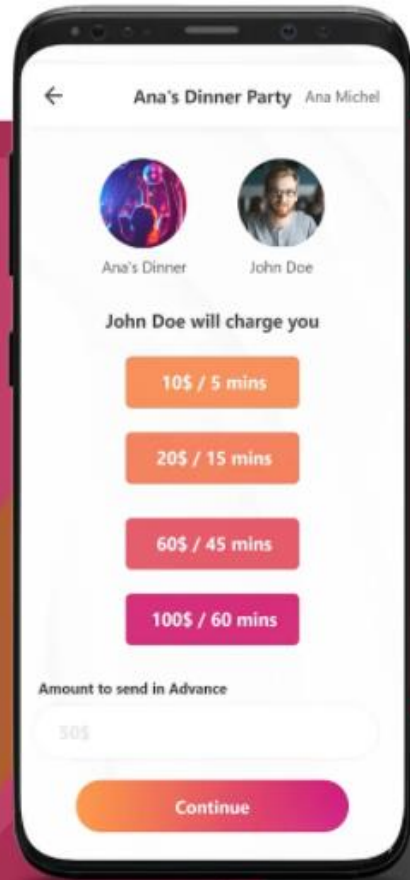

## Meeting Requests

A Requestee or more, and/or friends are invited to the private Meeting that will take place on a specific date and time,

Friends can also be invited to the Meeting created by the Requestor,

Requestees can in advance, be able to create and publish an upcoming Event for other users to join.

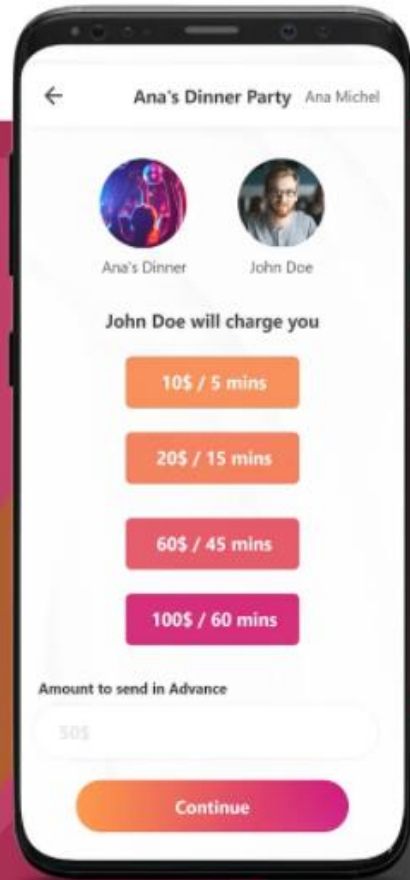

# Payment

## Let me mention this

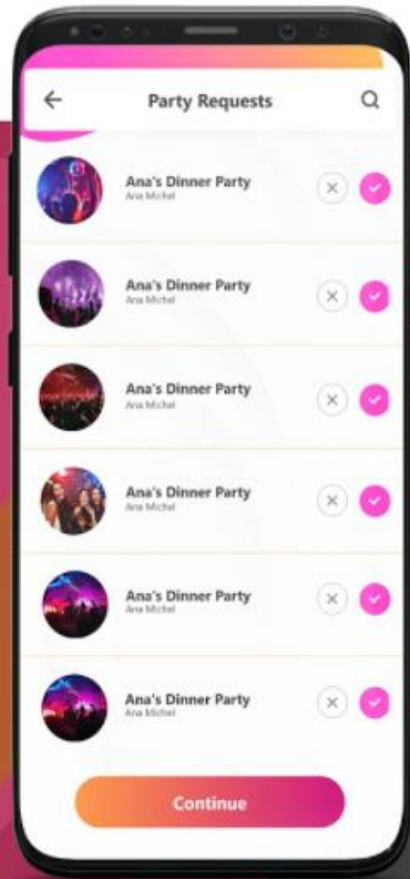

When a user (Requestee or Requestor) creates a profile, at their own discretion, they set their costs rates for different time intervals.

# Payment

Once the Requestee is chosen, the requestor is prompted to make payment from their wallet on the app for the Meeting.

## Party Requests

The Requestee receives Meeting Requests on the app, which they either reject or approve. Upon rejecting the Meeting, a reason is specified by the Requestee.

Requestor automatically receives notification from the Requestee related to the status of the Meeting Request.

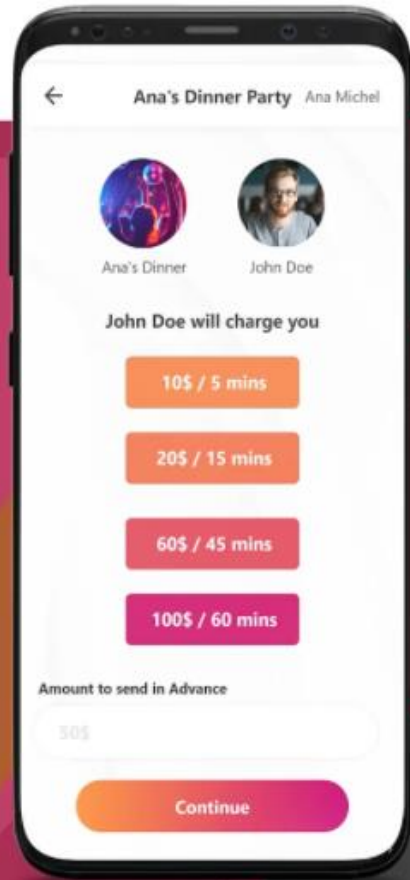

...

The Meeting, in a form of video call, will then take place when both Requestor and Requestee are available.

# Payment

Once the Meeting has taken place, the amount is paid into the Requestee's wallet on the app within 24 hours, which he/she can withdraw via PayPal or use to pay for other Meetings.

Well, you get paid for connecting..
